Welcome to the first edition of Breda Academy's Careers Newsletter!

I am thrilled to present this inaugural edition, capturing the essence of an incredibly busy and exciting start to the new school year. As we embark on this journey together, my aim is to keep you informed and inspired about the diverse range of career-related activities, opportunities, and achievements happening within our school community.

As we navigate the ever-changing landscape of education and careers, it is essential to stay connected and informed. Our newsletter will serve as a bridge between the school and our community, showcasing the remarkable achievements of our students, the guidance and mentorship provided by our teachers, and the invaluable support from parents and guardians.

Thank you for your continued support, and I look forward to a year filled with growth, learning, and achievement. Together, let's pave the way for a future where every student can thrive and succeed.

Ms G Ferguson

Preparation for Life After Breda Academy

This term there has been a focus on guiding our Year 12 and Year 14 students toward their next chapter in life. At Breda, we are committed to preparing our students not only academically but also ensuring they are equipped with the skills, knowledge, and confidence to make informed decisions about their future careers.

Throughout the term, our students had the opportunity to engage with professionals from various fields through a series of inspiring career talks. These talks provided valuable insights into different industries, allowing our students to explore a wide range of career options. The talks sparked curiosity and enthusiasm among our students, encouraging them to think critically about their own aspirations and goals.

Navigating the college and university application process can be overwhelming.

Our dedicated team of teachers are working closely with Year 14 students, providing individualized support and guidance. From researching suitable courses to crafting compelling personal statements, our students were assisted every step of the way.

Year 8: Young Enterprise Event Sparks Creativity and Collaboration

At the recent Young Enterprise event, held on September 28th, our Year 8 pupils embarked on a journey of creativity, collaboration, and discovery. This event served as a bridge for our students as they transition from primary to post-primary school, providing them with a platform to develop essential skills and positive attitudes.

Throughout the day, our Year 8 pupils delved into various interactive sessions designed to introduce them to their new school environment where they discovered their responsibilities within the school community, understanding the importance of mutual respect, leadership, and active participation.

#proudtobebreda

Exciting Week of Work Experience for Year 13

Our Year 13 students recently participated in a week-long work experience program from October 9th to October 13th. This initiative allowed our students to step out of the classroom and into the real world, gaining invaluable insights into various professions and contributing significantly to local businesses and schools.

During this week, our students had the opportunity to explore their career interests by working

with professionals in different fields. From local businesses to nearby schools, our Year 13 students made their mark, showcasing their dedication, enthusiasm, and skills.

We extend our gratitude to the local businesses and schools that provided this enriching opportunity for our students.

Congratulations to our Year 13 students for a job well done!

#proudtobebreda

"It was a delight to have the student with us this week. He was a very hard worker and keen to learn"
